Declaration of Compliance for Polypropylene (PP) Grades

**PP H020 GP/1, PP H030 GP/1, PP H032 TF/1, PP H033 FF/1, PP H040 GP/1,
PP H060 GP/1, PP H080 GP/1, PP H120 GP/1, PP H270 FF/1, PP H273 FF/1**

By the present Declaration we confirm that granulates grades:

**PP H020 GP/1, PP H030 GP/1, PP H032 TF/1, PP H033 FF/1, PP H040 GP/1,
PP H060 GP/1, PP H080 GP/1, PP H120 GP/1, PP H270 FF/1, PP H273 FF/1**

are in full compliance with U.S. Food and Drug Administration (FDA) FDA CFR 21 §177.1520(c) Olefin polymers.

Each of the polypropylene compositions may be used as intended in food-contact, in full compliance with the Federal Food, Drug and Cosmetic Act and also meet requirements as per applicable end-tests set forth under section CFR 21 §177.1520 (c), Item 1.1a. Thus for articles made from the listed compositions (grades) will not be limited as to the type or temperature of food that they may contact.

The finished polypropylene product is a mixture of polymeric substance (PP) and additives.

All additives used in listed above PP grades are included in Inventory of Effective Food Contact Substance (FCS) Notifications that means they have been demonstrated to be safe for their intended use¹.

The compliance is ensured by our Quality Management System according to ISO 9001:2008 certified by TUV Thuringen e.V. (TIC 15 100 75064).

Should you have any questions regarding our Declaration please do not hesitate to contact us.

¹ The list includes the food contact substance (FCS), the notifier, the manufacturer of the FCS, the intended use, the limitations on the conditions of use for the FCS and its specifications, the effective date, and its environmental decision. Under section 409(h)(2)(C) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 348 (h)(2)(C)) a food contact notification (FCN) is only effective for the manufacturer or supplier identified in the notification. Persons who market a FCS based on an effective notification must be able to demonstrate that the notification is effective for their food contact substance. All persons who purchase a food contact substance manufactured or supplied by a manufacturer or supplier identified in an effective notification may rely on that notification to legally market or use the food contact substance for the use that is the subject of the notification, consistent with any limitations in that notification.
