№ \_\_\_\_\_

Effective date: 23.01.2018

To whom it may concern

**Statement concerning REACH List of the Substances of Very High Concern (SVHC)**

Grades: LDPE 15303-003; LDPE 15803-020

This is to inform you that none of the chemicals listed in the Current Candidate REACH SVHC List (last updated 15.01.2019; total 197 substances) are added in the manufacturing process as components of the mentioned above polyethylene grades. Therefore these polyethylene grades manufactured by Tomskneftekhim LLC do not contain any substances listed in the Current Candidate List at levels greater than 0.1% (w/w).

Current Candidate List is available on the official Web-site of the European Chemical Agency as <http://echa.europa.eu/web/guest/candidate-list-table>.

While we do not test each raw material we purchase, nor do we test our products for trace amounts of these substances, we do exercise good product stewardship practices and seek information concerning raw material composition from our suppliers. Based on the information from our raw material suppliers and knowledge of our manufacturing process, we believe that our mentioned above products do not contain these substances.

This statement does not cover:

- any modification of our product resulting from the processing ex. by any addition of any other product to it or
- inadequate use and/or storage of our product by the end user.
